Attention: Mr. Ralph Hunt

Dear Mr. Hunt,

Attached is a copy of the State of Pennsylvania Hazardous Waste Manifest #PA A0906581 listing the 29 transformers and one (1) drum of PCB liquid that was pumped from five transformers, which we picked up Thursday, June 30. I am enclosing the original copy to Mr. Murphy for his file.

We appreciated your cooperation in the removal of the transformers and hope that we may be of service to you again.

Very truly yours,

Attention: Mr. Larry Wittmer

Subject: SEPTA - Final Disposal Certificate

Dear Mr. Wittmer:

I am enclosing the final certificate of destruction for Pennsylvania Manifest A5089895, in which you were given a copy, as well as SEPTA, on 9/5/85. This manifest was for the five (5) transformers.

The twelve (12) drums of PCB picked up by Multi-Test Maintenance as transporter #1 on 29 August, 84, were picked up by PCB, Inc. on October 25, 1984 as per copy of manifest PA-A5089910 and arrived in Kansas City, MO, on 10/27/84. Because of backlog of PCB to be incinerated, these twelve drums left PCB, Inc., Kansas City, MO, for SCA, the incinerator company, in Chicago, on April 8, 1985. We should have final certificate of destruction by April 18 or 19th. We will forward the final destruction certificate to you for the twelve drums as soon as we receive it.

Very truly yours,

Multi-Test Maintenance

Attention: Ronald H. Muncey

Dear Mr. Muncey,

With reference to my visit to your plant on Tuesday regarding the 6 PCB capacitor to be disposed of, we propose the following:

1. We will pick up capacitors at your plant and bring back to our plant and prepare capacitors for shipment by putting in approved dot 17E drums and labeling.
2. The capacitors will be transported to an EPA approved treatment, storage and disposal (T, S, & D) facility where they will be processed and sent to an approved EPA waste landfill.
3. You will receive a manifest as generator, when they leave our plant, then receive a second copy when the capacitors reach the T, S, & D facility and a disposal copy of final disposal.

Quotation Price: \$740.00

Prices are firm for acceptance within 60 days. Terms are net 30 days. If you have any questions feel free to call.

Dear Ron:

Enclosed are copies of the Pennsylvania Manifest

which you had a question about.

P.C.B., Inc. of Missouri has also sent a photocopy of
the original Certificate of Destruction which contains
both of the above numbers. This should clear
up any questions the EPA should have regarding
this matter.

Dear Bill:

I apologize for the delay in forwarding the enclosed PCB Destruction Certificate to you. I was away for three weeks and did not get this to you before leaving. I have also enclosed a copy of a handwritten letter from Jim Helm to Ron Muncey who must have made an inquiry into this matter in 1987.

I hope the Certificate of Destruction satisfies those who are questioning this PCB shipment. I have checked our files and do not have any record of other NVF generated PCB materials that we handled.

Please call if I can be of further assistance.

Gentlemen:

Enclosed please find Certificate of Destruction for manifest #PA5089921 received in this office June 1, 1984.

This Certificate will replace the one previously sent to you dated May 25, 1984. Due to a clerical error, the incorrect date was noted on this Certificate. The enclosed Certificate of Destruction reflects the correct date of destruction of your materials.

If you have any further questions, please feel free to call.

Sincerely,

Robert VanHorn
